RE: Lexi Callander

To Whom It May Concern:

It is my pleasure to offer this letter of recommendation for Lexi Callander. Lexi is currently pursuing her dual certification in the Education Department in preK-4 Early Childhood Education and preK-8 Special Education with a 3.91/4.0 GPA.

Aside from being an excellent academic student, Lexi has worked for the United Way's STEAM Academy as well as a summer AmeriCorps teaching position. She is a member of the Thiel College Women's Lacrosse team and multiple honor societies. A review of her resume will reveal that Lexi clearly exceeds expectations.

Lexi has had multiple field experiences across various grades and subjects. Lexi will create standards based engaging lesson plans integrating technology and employing research based instructional strategies to increase student achievement. Lexi's personality with her students in her field experiences is outstanding showing remarkable maturity. Lexi is a very compassionate person with great empathy for others.

As a former principal and assistant superintendent, I strongly suggest Lexi for your consideration. I am available for additional commentary if you wish at 724.589.2081 (office) or 724.854.2424 (cell).

Sincerely,

Douglas R. Hazlett, Ph.D.  
Chair and Professor  
Education Department
